This figure is a topographic map of a mountainous region, likely the Kita River area. The map is filled with contour lines representing elevation. A river, the Kita River (木古内川), flows from the upper right towards the lower left. Several roads are marked with blue lines and numbers, including the Kita River Road (木古内川) and the Kita River Bridge (木古内川橋). The map is labeled with numerous place names in Japanese, such as '吉堀' (Yoshidaira), '建有川' (Kenyū River), '木古内町' (Kitaguni Town), '棚部岱' (Tsuboi-dai), '鶴岡' (Tsuruoka), and '知内町' (Chinen Town). The map also features a grid system with horizontal and vertical lines, and various symbols indicating geological or hydrological features. The overall scale and detail suggest it is a detailed survey map of a specific catchment area.

A scale bar diagram for a 1:5,000 scale map. The horizontal axis represents distance in meters. It starts at 0 and ends at 1,000m. The scale is marked in increments of 100m, with labels at 0, 100, 200, 300, 400, 500, and 1,000m. The text "1:5,000" is positioned above the scale bar, and "1,000m" is positioned to the right of the scale bar.
